### INTRODUCTION

**SAN FRANCISCO**  
**DEPARTMENT OF**  
**TECHNOLOGY**

**Applicants are encouraged to apply immediately as this recruitment may close at any time but not earlier than September 11th, 2018. The position is open until filled.**

**Position:**

Innovative public service starts with visionary problem solvers who can engineer cost effective solutions. Senior Project Managers who enjoy public service and are committed to good government should apply for this exceptional position. This Senior Technical Project Manager will be responsible for leading the investigation, design, construction and implementation of an Open Source Voting System.

This is a unique opportunity that requires experience with agile project management practices, open source technologies and architectures and most importantly, election systems, processes and data. The City commissioned a feasibility study for an Open Source Voting system. This information along with recommendations from the Department of Elections and the CCSF Elections Commission will form the project principles, goals and objectives for the open source voting system.

This project is sponsored by the City and County of San Francisco Department of Elections and the Department of Technology. The Department of Elections provides access to election-related services and voting and conducts elections that are free, fair, and functional. Elections operates the technology and business systems that design, create, produce, receive, process and report voting. The Department of Technology is the centralized technology services provider within San Francisco City & County government, delivering technology infrastructure, software systems and services to approximately 30,000 employees and 800,000 citizens.

**Essential Job Duties and Functions:**

- Perform Project Management practices and duties to manage multiple, complex project goals and objectives defined by the project sponsors.
- Gather requirements for the Open Source Elections project, develop a project roadmap, build a plan to resolve implementation issues, research open source available open source alternatives, and ensure all project decisions are well-documented and tracked.
- Write system use cases and requirements to be used in a Request for Proposal for software procurement.
- Coordinate with stakeholders, peer organizations and vendors to gain consensus on system certification.
- Compose and manage scope, resources, cost, schedules and resource plans, status reports, risk, issues, action items, project charters, stakeholder plans, communications plans, project changes, project documents, and lessons learned.
- Manage the research, investigation and alternatives development for an open source software solution based on the Elections Department business processes.
- Manage daily activities as well as overall project tasks and ensure projects are delivered on time, within budget, and at the required level of quality.
- Using a strong technology background, complete business and technical analysis, plan software quality assurance and testing processes, and risk management of these activities.
- Communicate proactively and regularly at an executive level and prepare concise communications to targeted to specific audiences. Ensuring complex and technical information is understandable to a non-technical audience.
- Build, manage, maintain and extend relationships across the organization in a heavily matrixed environment and with all project stakeholders.
- Perform partnership development and negotiate contracts and Memorandum of Understanding for the benefit of the City.
- Perform related duties as assigned.

**Job Type:**

The Temporary Exempt- Full Time position is excluded by the Charter from the competitive civil service examination process and shall serve at the discretion of the appointing officer. The anticipated duration of this project position is twenty-four (24) months and will not result in an eligible list or permanent civil service hiring.

**Nature of Work:**

Incumbent must be willing to work a 40-hour per week schedule and may be required to work additional hours when necessary as determined by the department. Travel within San Francisco may be required. The individual hired for this "essential" function/position is expected to answer calls/e-mails via a department-provided mobile device within a reasonable time frame.

**Work Location:**

Incumbent will conduct the majority of work at the Department of Technology, 1 South Van Ness. However, there may be situations where the incumbent will be required to work at other sites throughout the City of San Francisco as necessary.

**MINIMUM QUALIFICATIONS**

A Bachelor's Degree in Computer Science, Information Technology or other closely related field **AND** four (4) years of experience implementing and managing integrated information systems projects; **OR** Eight (8) years of experience implementing and managing integrated information systems projects

## SELECTION PROCEDURES

The selection process will include evaluation of applications in relation to minimum requirements. Depending on the number of applicants, the Department may establish and implement additional screening mechanisms to comparatively evaluate qualifications of candidates. If this becomes necessary, only those applicants whose qualifications most closely meet the needs of the Department will be invited for an interview.

Note: Applicants who meet the minimum qualifications are not guaranteed to advance through all of the steps in the selection process.

### Verification:

Applicants may be required to submit verification of qualifying education and experience at any point during the recruitment and selection process. If education verification is required, information on how to verify education requirements, including verifying foreign education credits or degree equivalency, can be found at <http://sfdhr.org/index.aspx?page=456>

THE CITY AND COUNTY OF SAN FRANCISCO IS AN EQUAL OPPORTUNITY EMPLOYER. MINORITIES, WOMEN AND PERSONS WITH DISABILITIES ARE ENCOURAGED TO APPLY.

## CONVICTION HISTORY

As a finalist for a job, you will be fingerprinted, and your fingerprints will be sent to the California Department of Justice (DOJ) and the Federal Bureau of Investigation (FBI). The resulting report of your conviction history (if any) will be used to determine whether the nature of your conviction (or arrest, in limited circumstances) conflicts with the specific duties and responsibilities of the job for which you are a finalist. If a conflict exists, you will be asked to present any evidence of rehabilitation that may mitigate the conflict, except when federal or state regulations bar employment in specific circumstances, such as:

- Candidates for positions with the Unified School District and the Community College District may be disqualified from consideration should their conviction history not meet the standards established under the California Education Code.
- Candidates for positions with the Recreation and Park Department may be disqualified from consideration should their conviction history not meet the standards established under California Public Resources Code 5164.

*Having a conviction history does not automatically preclude you from a job with the City.*

If you are selected as a finalist, the hiring department will contact you to schedule a fingerprinting appointment.

## DISASTER SERVICE WORKERS

All City and County of San Francisco employees are designated Disaster Service Workers through state and local law (California Government Code Section 3100-3109). Employment with the City requires the
